

OUR AIM
preserve naturality

About us

in **AJAY ENTERPRISE** we are working as a large manufacturer of all types of water treatment plants like. water softening plant. D.M. Water Plant, Swimming Pool Filter Plant, Domestic & Industrial R.O. Plant & Mineral Water Plant we will be increase our organization to enrich the freids we serve

By Conducting all of our business with onestiy & intergrity

By developing day by day new latest technology to make best to our clients from past 12 year

Our Quality Policy

The quality policy of **AJAY ENTERPRISE** founded on a commitment by all employees to provide products and service that satisfy our customers.

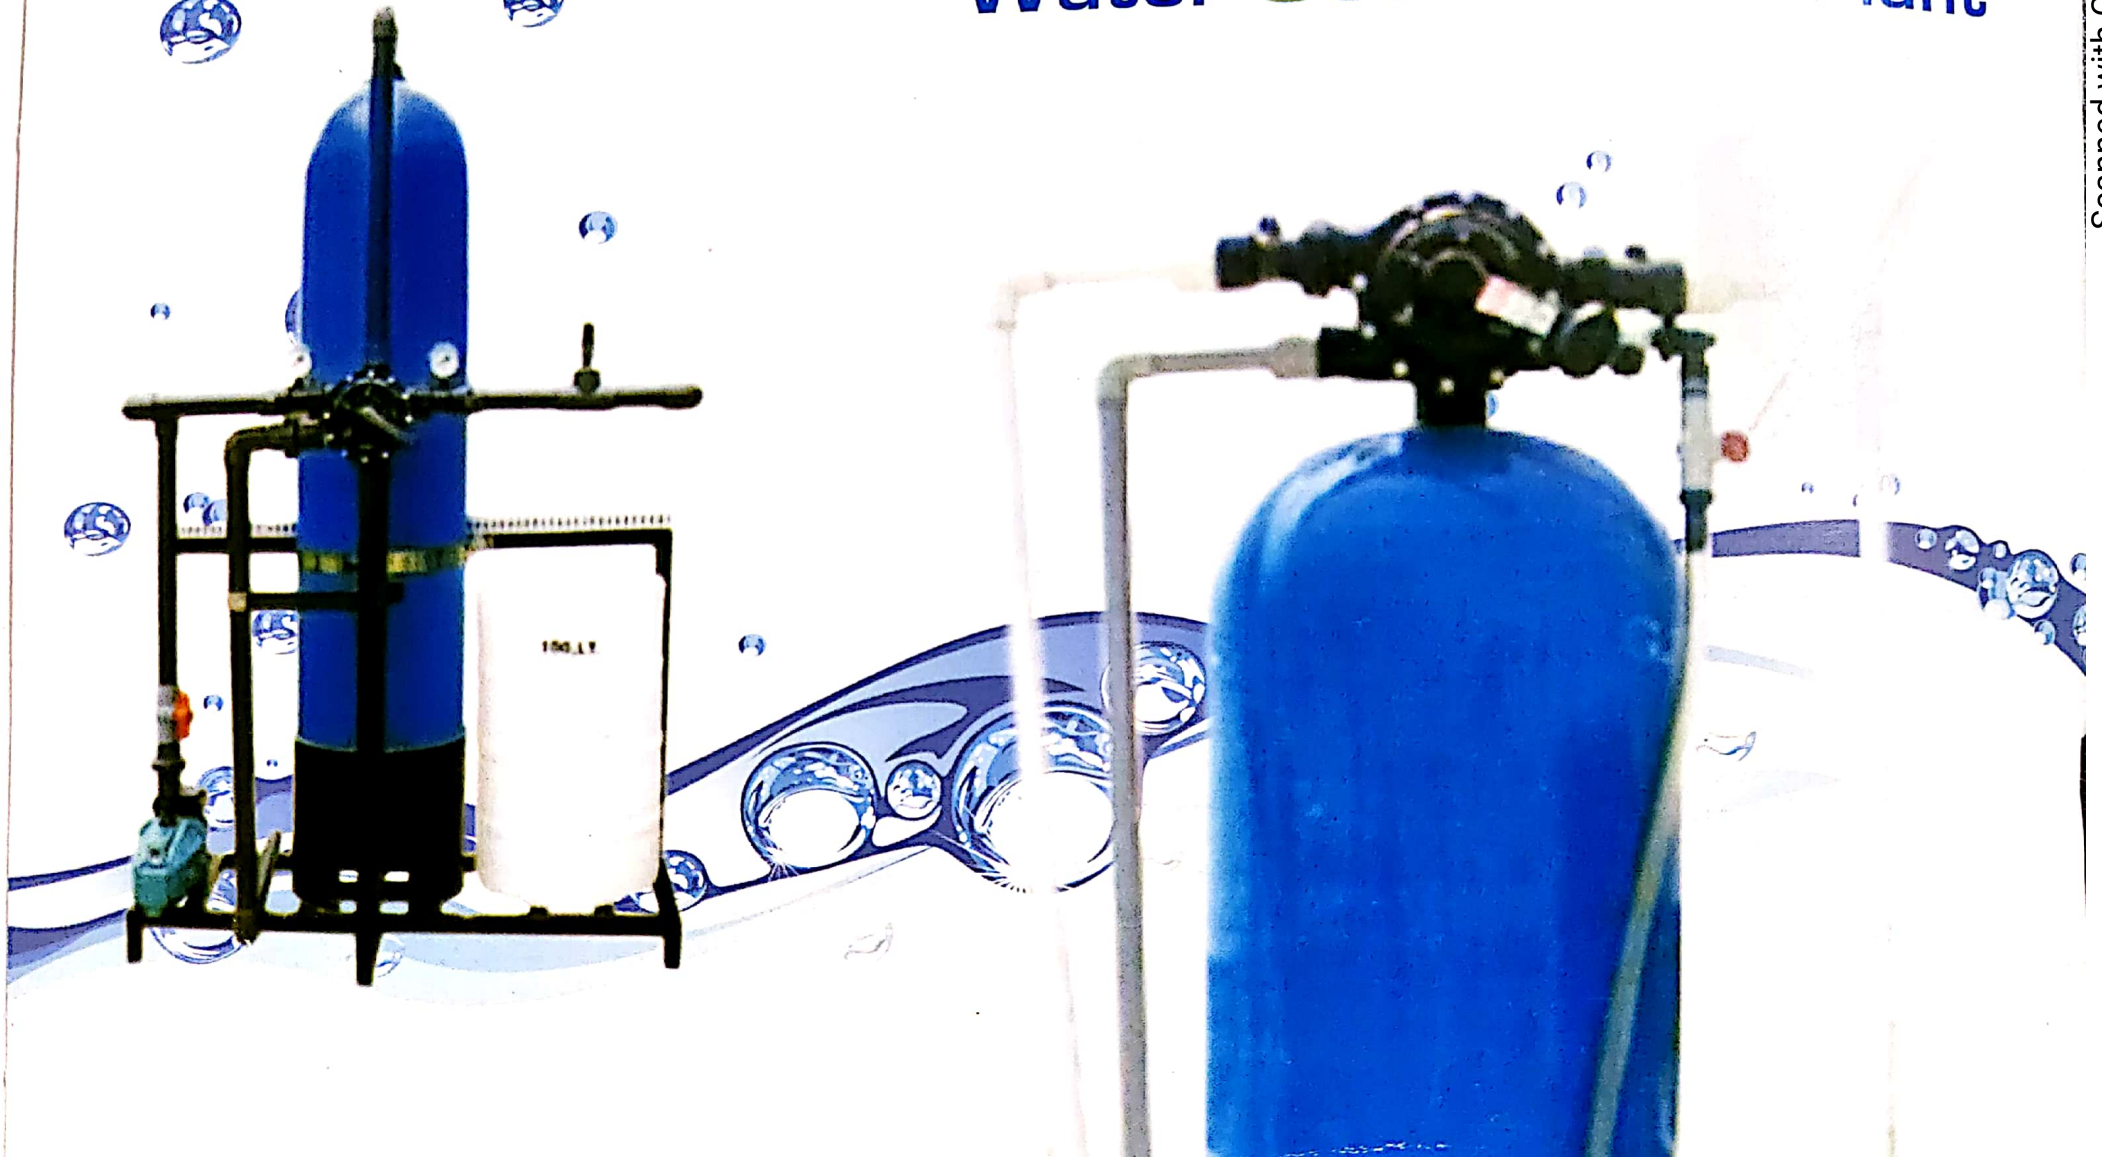

Our Goal

The Goal of ajay enterprise is to support its customers in fuilling the object of business by :

- Providing innovative products at competitive pricing
- Providing better system for best to give quality, Quantity & service.

Water **SOFTENING** Plant

WATER SOFTENING PLANT

Remove salt from water like calcium & Magnesium by ion Exchange resins, using salt (NaCl) to regenerate the same.
Due to hard water scale forming on all surfaces & Spaces where hard water passes due to it we face proble in detergent & soap.
by using soft water we get free from above all problems for more detail please contact us...

- Water softening Plant Also available with automatic Regeneration.

APPLICATION :

Colling Woter, Induction furnace, Hoptel Commercial Laundries, Boiler Feed water, Residential, Appartment & Bungalows, Solar etc.

IDEAL FOR

BATHROOMS

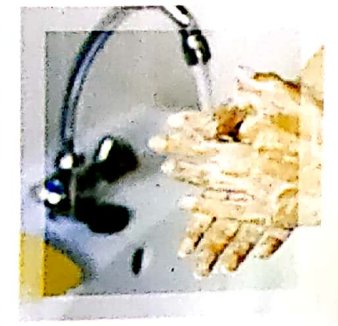

KITCHENS

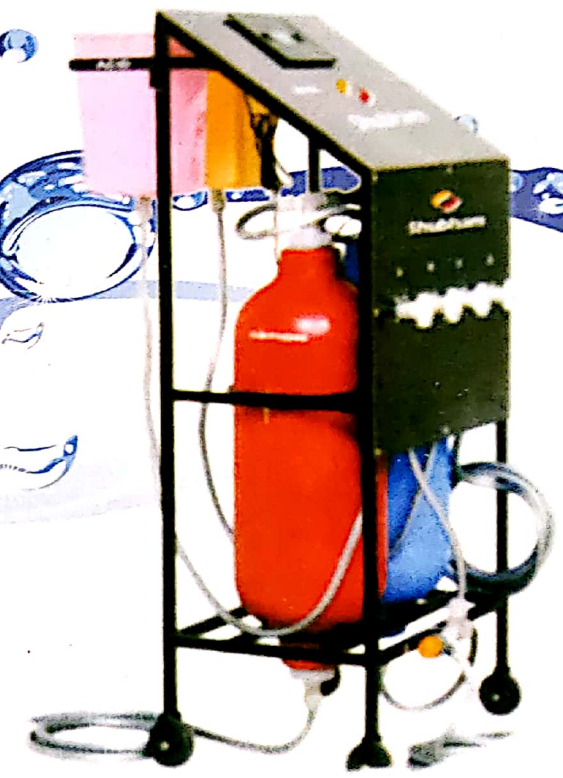

WASHING

OTHER HOUSEHOLDS

Demineralization Plant

D. M. Plant
