- Top pivot for Patch/Point fitting doors
- Top Pivot with 15mm dia. pin

**MRP Rs. 100 /-**

### BSH-301

- Wall to Glass 90° Hinge With gasket to prevent glass from damage secured holding with Glass
- Double action spring returns door from 25° in each direction - SS 304

**MRP Rs. 500 /-**

### BSH-303

- Glass to Glass 180° Hinge With gasket to prevent glass from damage Secured holding with Glass
- Double action spring returns door from 25° in each direction

**MRP Rs. 870 /-**

### BSH-304

- Glass to Glass 90° Off Set Hinge With gasket to prevent glass from damage Secured holding with Glass
- Double action spring returns door from 25° in each direction - SS 304

**MRP Rs. 900 /-**

**BHW-501**

- Glass Door Sliding Roller
- Material : SS 304
- Weight Capacity : Up to 100 Kg

**MRP Rs. 860 /-**

**BHW-505**

- Glass Door Sliding Roller
- Material : SS 304
- Weight Capacity : Up to 110 Kg

**MRP Rs. 1000 /-**

**BPF-010**

- Wall to Glass Connector 90° - 4mm Sheet Metal With gasket to prevent glass from damage Secured holding with Glass

**SS304 : MRP Rs. 100 /-**

**SS202 : MRP Rs. 60 /-**

**BPH-801**

- D-Type Glass Door Handle With gasket to prevent glass from damage
- Size : 25 X 300
- SS 304

**MRP Rs. 530 /-**

**BPH-803**

- H - Type Glass Door Handle
- Size : 25 X 300
- SS 304

**MRP Rs. 540 /-**

**BDL-1001**

- Double Door Lock (Key & Knob)
- SS 304

**MRP Rs. 530 /-**

### BDL-1002

- Single Door Lock (Key & Knob)
- SS 304

**MRP Rs. 500 /-**

### Ply Board Doors

- BORER & TERMITE PROOF- Prabha offers an 8 year warranty against Borer and Termite attacks.
- BOILING WATER PROOF- When it comes to boiling water proof, Prabha delivers the best in class in the category. The products can sustain exposure to wet areas and areas with high humidity. Prabha 's products are suitable for bathroom and kitchen applications, i.e., areas with high exposure with water.
- UNIQUE GLP TREATMENT- Glue Line Protection technology is a preservative treatment which is done on every corner, edge and layer of our plywood. A feature which is exclusive to Prabha, GLP will ensure that even when attacked from exposed sides after cutting, none of our products get affected due to borer and termite.
- PRE-PRESSING- Multiple pressing technologies ensure homogenous distribution of resins and preservatives.
- EI EMISSION COMPLIANT- Our products are also compliant to EI emission norms, creating a healthy environment at your home.
